● **Ioan Delice** (*LSY: Terminale in 2012*) : "Born January 13, 1994, the Brooklyn native of French/Haitian descent is inspired by an eclectic range of artists – from Hip Hop legend Big L, to France's most popular and enduring singer Charles Aznavour. As an ambassador to his generation, Ioan also pays homage to the cartoons that formed his childhood and taps the creative influence of reputable composer Jim Lang and Japanese Hip Hop producer Nujabes – who have written scores for Hey! Arnold and Samurai Champloo respectively. Ioan's artistry also draws its inspiration from having grown up in Kings County, widely recognized as the rap capital of the world, at a time when its gritty reputation held true. The musician's explorations of romantic, spiritual, interpersonal, and societal themes, mixed with his playful and unorthodox style of rapping, breaks hip-hop boundaries with new artistic expression. Through his soulful meandering and multi-cultural influence, Ioan fearlessly delves into the creative

Events are never one-sided, and writing helps to make sense out of them." (<https://nynsolite.wordpress.com/2015/03/21/about-me/>)
